

PSF

ALL-SEASON POWER STEERING FLUID.

DESCRIPTION:

Power Steering Fluid (PSF) - universal all-season power steering fluid.

Can be used in power steering lubrication systems of most modern cars and trucks, and hydraulic gears of cargo, construction and agricultural vehicles within wide temperature range.

PSF - special hydraulic fluid, made of high quality mineral base oils and effective set of additives. Coloured red.

BENEFITS:

- Provides fault-free performance of hydraulic booster gears;
- Protects friction surfaces against wear and seizing;
- Protects steering system seals;
- Has very low freezing temperature;
- Substantially more saving as compared to ATF class fluids.

TYPICAL CHARACTERISTICS:

Kinematic viscosity at 100°C, mm ² /s	7,46
Density at 20°C, kg/m ³	878,4
Viscosity index	117
Flash point, °C	185
Pour point, °C	-40

Packing	Vendor code	Barcode
Canister plastic 1l	009853	482007024017

STORAGE CONDITIONS:

Do not mix with solvents, automotive fluids. Protect from direct sunlight and precipitation in a closed container at a temperature not exceeding +60°C. In case of contact with skin or mucous membranes, rinse with water. Keep out of reach of children. Flammable. Do not pour into drains, water bodies or onto the soil. Dispose of in specially designated areas.
